Delphos lodge #39 Howard Baker receives top honors from Daisy

First Daisy Red Ryder Tribute
Limited Edition with Custom Package

In 2019, the Daisy Airgun Museum proudly accepted the donation of a very special No. 111, Model 40 Daisy Red Ryder BB gun which was a pre-production gun. It had been presented on April 2, 1940, to Fred Harman, by Daisy execs Cass Hough and Robert G. Wesley.

In exchange for the generous donation of this first model presentation gun, the Daisy Airgun Museum committed to produce 1,000 "Tribute" guns, with each stock laser-engraved with the same words which appeared on the first presentation gun: "ONE ONLY", "LIMITED EDITION", "CERTIFIED" and the signatures of Hough and Wesley. There was also a gold star affixed to the first gun and we have replicated that also.
